## DIED.

LEITCH—In Reno, April 22, Mrs. Mary G. Leitch, wife of A. Leitch and a native of Kentucky, aged 43 years.

TITUS—At Phoenix, Arizona, April 23, Isaac S. Titus, M. D., father of J. B. Titus, of Reno, aged 63 years.

## Perfected Photography.

Dowe & Painter, the photographers of Pacific Coast fame are now in Carson City with a complete outfit. These gentlemen will produce Ariato Cabinets at \$3 per dozen, which will be done in the height of finish and pose. They have samples always on tap and if the work doesn't suit there is no objection on their part to a refusal to accept.

alw.

A. Livingston now practically controls the wholesale liquor trade of the city. He is continually adding to his stock and sells only standard brands. He is also introducing some excellent California wines to the people of Carson, as well as foreign and domestic cigars of the finest quality. Drop in and inspect his stock.

## Notice to Electors.

The following nominations, duly certified, according to law, have been filed in my office, to be voted for at the election to be held in Carson City, Nevada, May 2, 1892:

Trustee at Large—F. R. Hofer, Republican.

Trustee First Ward—Alex M. Ardery, Republican.

Trustee Second Ward—E. M. Reynolds, Republican.

WM. H. DOANE,  
Clerk.

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used for children teething. It soothes the child, softens the gums, allays the pain, cures wind colic and is the best remedy for diarrhoea. Twenty five cents a bottle.

A Hard Finished Dwelling House, corner lot (85x85), good location.

Building Lot, 85x85, \$250.

Building Lot, 50x200, on North Carson Street, frontage on three streets, \$100.

I have cash purchasers for improved or unimproved Carson street property.

J. D. KERSEY,  
Real Estate Agent.

## French Tansy Wafer.

These wafers are for the relief and cure of painful and irregular menses, and will remove all obstruction, no matter what the cause, and are sure and safe every time. Manufactured by Emerson Drug Co., San Jose, Cal., and on sale only by A. E. Harris, City Drug Store.

cc281y

## ALL SORTS.

The town is full of bums.

Washoe county is to have a silver club. Better late than never.

The New York Sun still flies the free coinage flag in New York city. It means business.

The people of Carson are scouring the columns of our contemporaries to see when they are coming out for silver.

The "Colorado Idea" is to prevent the election of a gold bug President, no matter whether he may be called Democrat or Republican.

Alger of Michigan is in the Presidential fight to stay. Alger is a silver man and has too much backbone to bow the knee to Wall street.

Wanted—A situation to do do cooking or general housework. No objection to the country. Call at Epstein's restaurant.

a26w

Since the people of Candelaria withdrew their support from the Chloride Belt, that paper has not been quite such a loud gold bug organ as it was.

The Chicago Times is a valuable ally in the campaign for justice for silver. Free coinage has a potent advocate in the great American metropolis on the lake shore.

Cresosone the new disinfectant sold by the Reno Manufacturing Co. will knock lice and vermin out of chicken roosts and the result is healthy fowl and plenty of eggs.

Every day that passes places the people of the United States more and more in array against the practice of quackery in silver legislation. Sherman is the arch mal-practitioner so far.

At the Republican primaries in San Francisco last Saturday the Burns and Wilson factions carried the day by electing 56 delegates, as against the 53 of the Crammons and Kelly factions.

The Arizona funding bill having been amended in the senate will have to return to the house. Then the silver issue will be up again, and the silver dodgers will have to go on record by a square vote.

The Gazette is advocating that all the mining companies doing business in this State, be made to incorporate and have offices here. An excellent idea and one which the people ought to consider when electing their representatives.

An official telegram from Tuscarora states that it is expected that the Union mill and the Grand Prize concentrating plant will be started about May 1st. This depends, however, upon the roads, which at present are in poor condition for hauling ore.

The following letters remain uncalled for in the Carson Postoffice, April 25, 1892: Ladies' list—Mrs. Kate Ashley, Mrs. S. M. Bell, Mrs. E. L. Nelsen, Mrs. L. Mason. Gentlemen's List—Peter D. Andrews, Life Holman, Frank B. Layton, Sam Muller, J. W. Smith, David Potter, R. S. Rodman, P. M.

Judge Murphy, of San Francisco, some time ago brought libel suit against William M. Neilson, who charged him bribery and corruption. The case was repeatedly called, but neither Murphy nor his attorney were present, and Murphy has finally allowed it to be dismissed. The suit was a clean bluff, and its withdrawal was an acknowledgment of the truth of Neilson's charges.

## Spring Ball.

Walter Cook is along side the seasons with his social gatherings at the hospitable ranch and will turn loose a dance and Supper on the evening of April the 30th. Plenty of Stable room, good music and delectable viands.

A 23

For sale at a bargain Nutwood and Wilkes stock, two fillies, one yearling, one four year old, one gelding four years old, also one Hambletonian and Morgan mare, eight years old. For particulars enquire at this office.

m24tf

## The Fire Pail.

Millard the plumber is the agent for a new fire extinguisher. It is a covered pail filled with water with some chemical in the top.

In case of fire you smash in the lid and the chemical mingling with the water will put out any incipient fire.

The Young Folk's Endeavor Society will give an entertainment at Odd Fellows' Hall Thursday night. Admission 25 cents.

## A TAXPAYERS QUERY.

Some Very Pertinent Questions Regarding School Bonds.

CARSON, Nev., April 25, 1892.

EDITOR APPEAL:—

As the school election is proposed to come off soon, a goodly number of citizens and taxpayers including myself, would like to know when we come to vote for "Bonds—Yes" or "Bonds—No," what we are voting for. We do not propose to vote blindly on a proposition of this sort, when so much money is required, without being informed as to

First—The amount of bonds to be asked for.

Second—The rate of interest and time these bonds will carry.

Third—The plan and estimated cost of the building.

Fourth—The location of the building and whether the work will be done by those who live among us, or by contractors and workmen from other places.

It seems to us that we should be informed of these things before the time comes to cast our ballots, for if these few queries cannot be answered satisfactorily, much as we are in favor of a new school edifice, the chances are that "Bonds—No" will have a large number of votes. It is very certain we do not intend to pay \$50,000 for a \$20,000 school house if we can help it.

Respectfully yours,

A CITIZEN.

Wants Annexation.

The Truckee Republican wants as follows:

Truckee wants to be annexed to the State of Nevada. It wants to be annexed quick. We have decided that there is no other way by which we can get any trout. If we belonged to Nevada, the fish wouldn't be kept east of the Verdi dams. Commissioner Mills wouldn't be bandying words with honest fishermen, and killing valuable time in writing letters from his office about matters of which he knows absolutely nothing. No sir; if Truckee was annexed, he'd be blowing out dams instead of blowing out nonsense. Pawning the political would trade every trout in the river for six Truckee votes, if this was a Nevada precinct. As it is, he does with town exactly as he does with the spring run of trout and with the river, dams it. Besides, we don't get any sympathy from California. If we had a fish Commissioner who would use his free pass to the extent of visiting the State line, and then use his influence to get Commissioner Mills to do something, we might be content to remain awhile in Nevada county. But it is no use. River fishing for Pyramid lake trout is a lost art for Truckee unless we annex. It has got down to a question of dynamite or annexation, and of the two evils we prefer the worst. Please annex us quick.

## The Wind Storm.

The wind storm of Sunday was the heaviest of the season. It began in the night and increased in violence all day, until in the afternoon it reached an average velocity of 35 miles an hour. Between half past 4 and 5 it reached its greatest fury, and for two miles its velocity was 60 miles an hour.

Prof. Friend says that the cause of the atmospheric disturbance was a violent storm passing Eastward over Oregon, and that Nevada being on the southern edge felt only the wind effects.

Very little damage was done in this city except the breaking of the electric light wires, which were soon repaired.

## The Silver Club.

The Executive Committee of the meeting in favor of silver last week regard that their duties end after they have called another meeting, drafted resolutions and presented them to the meeting.

They have selected tomorrow evening for the next meeting at the Opera House, where it is intended that the silver men of Carson will effect a permanent organization. They can on that occasion, if they choose, select new officers and a new Committee.

It is expected that a large audience will gather and make the meeting a rousing one in all respects.

There will be a series of resolutions to pass upon and local speakers will address the meeting.

We make a specialty of the cultivation of Evergreens, at Evergreen Nurseries, located at Evergreen Door County, Wisconsin. George Pinney, Prop. Send for catalogue. Everybody can have evergreen hedges.

d17 tf.

## Mr. Smyth's Pasturage.

For some years past Mr. Tim O'Connor leased a meadow near the Prison, of Mr. Kirman, and used it as a pasturage for milch cows.

Mr. Smyth succeeded him as the lessee, and Mr. O'Connor leased other pasturage.

In advertising his business in the APPEAL, the latter published a notice to the effect that the old Kirman pasturage was the outlet of the Carson sewers as well as the State Prison, and was unfit for pasturage.

Mr. Smyth called at this office yesterday and stated that the statement made over Mr. O'Connor's signature and published by him as an advertisement, was an untrue and malicious statement, intended to injure his property.

He also consulted a lawyer yesterday with a view of instituting a suit for damages.

The APPEAL never knowingly publishes advertisements of business men when written with a view to injure the business of rivals. The O'Connor advertisement has been taken out and this statement made out of justice to Mr. Smyth, whose pasturage is as good as any in the vicinity of Carson.

## Mr. and Mrs. Drew.

The coming of Mr. and Mrs. Sidney Drew to the Opera House on this Tuesday night promises to be an event of more than ordinary interest. It is said that they, with the company that supports them, constitute one of the brightest comedy organizations that will visit Carson this season. Sidney Drew himself is young and clever. He is a member of a famous family of comedians of that name, and is said to possess the genius so noticeable in all of them. His talented mother, Mrs. John Drew, is a member of Joseph Jefferson's company, and his brother, John Drew, of Daly's famous New York Company and Mrs. Georgie Drew Barrymore is connected with Frohman's Wilkeson's Widow's organization. Mrs. Sidney Drew previous to her marriage was known as Miss Gladys Rankin and is the accomplished daughter of that sterling actor, McKee Rankin, and the slightly Kitty Blanchard. She is a very attractive young lady, handsome and of a charming personality, and her performance in "That Girl From Mexico," which is to be seen here, is a dramatic revelation.

## Fell off the Trestle.

On Saturday night a man at the Mound House who had been drinking quite heavily, attempted to cross the railroad trestle work on the C. & C. and fell about 14 feet.

He was so badly injured that he lay there unnoticed until Sunday afternoon. He was taken to Dayton on a hand car for surgical treatment.

## Lost a Valuable Cow.

On Saturday night John Sweeney's best Holstein cow got into an alfalfa patch and died from bloat. Every effort was made to save the animal, as it was the most valuable of the herd. As a three-year-old its milk yield was so great that it required four milkings per day and was valued at one thousand dollars.

A stockholder in the Union Trust company of New York walked into the headquarters of the Denver Silver League yesterday and gave his check drawn on the Union Trust Co. at New York for \$25, for the benefit of the Silver Club. He said he would return to New York and make speeches for free coinage if he had to make them from the tail of a cart. Who says the silver cause is not moving on?

For fine watch and jewelry repairing go to Golden's. We are receiving new and elegant designs in jewelry every day.

## Benton's Liniment.

Which has been used in Carson for over twenty-five years, has saved many an ache and pain to those who know it. It is really intended for horses but works with the same magical effect on the human. It is a powerful remedy and for rheumatism is the king of the world. Aches knocked out in short order. No horseman should be without a bottle.

Benton's Liniment for sale at all drug stores.

Mrs. K. Knowles desires to inform the public that for the next 20 days she will dispose of millinery at cost, as she is desirous of making a change of business. Now is the time to get bargains in trimmed and untrimmed hats, feathers, flowers, and in fact, everything in her line. All goods sold without reserve. This is a bona fide sale, as the lady has business interests in San Francisco which require her attention.

## WHY

THAT IS THE QUESTION,

Can you go to the EMPORIUM and know you will get the worth of your money?

## BECAUSE

Abe treats you well; gives you one price, and tells you frankly if your purchase is cotton or wool, and if it will wash and wear.

**A. COHN'S** Opposite Capitol, in County Buildings.
